

Achievements of Al-Nahrain University

The years from 2014 to 2018

The Council of Al-Nahrain University 2018

Al Nahrain University was established in 1987

It is a member of the Federation of Arab Universities and was elected a member of the Executive Council. It is also a member of the Federation of International Universities and has been accredited by UNESCO in the United Nations.

Infrastructure achievements

Colleges

1. College of Law (established in 1987)
2. College of Medicine (established in 1987)
3. College of Engineering (established in 1988)
4. College of Science (established in 1988)
5. College of Political Science (established in 1994)
6. College of Information Engineering (established in 2002)
7. College of Business Economics (established in 2009)
8. College of Biotechnology (established in 2012)
9. College of Pharmacy (established in 2014)

Institutes and Centers

1. Higher Institute for Infertility Diagnosis and Assistive Reproduction Techniques (established in 1992).
2. Biotechnology Research Center (established in 1999).
3. The DNA Center for Research and Training (established in 2011).
4. Al-Nahrain Research Center for Renewable Nanomaterials (established in 2014).
5. Electronic Computer Center (established in 2014).
6. Center for Continuing Education (established 2017).

Infrastructure statistics

- Number of buildings: **57**
- Number of classrooms: **158**
- Number of Scientific Laboratories: **264**
- Number of workshops, fields and others: **13**
- Number of conference halls: **12**

Developing colleges, scientific departments and research centers

- Introducing the Accounting and Financial Control Department at the College of Business Economics in **2014**.
- Introducing the College of Pharmacy in **2014**.
- Development of the DNA Center for Research and Training in **2014**.
- The establishment of the Al-Nahrain Research Center for Renewable Nanomaterials in **2014**.
- The introduction of an electronic computing center in **2014**.
- Development of the Continuing Education Center in **2017**.
- The introduction of the branch of Pharmacology and Toxicology at the College of Pharmacy in **2018**.

Construction and infrastructure achievements:

- The establishment of building the student club building in **2014**
- The establishment of additional classrooms in the College of Information Technology and Business Economics in **2014**.
- Maintenance and rehabilitation of the Chamber of operations of the children of the tubes and the unit of assisted reproductive technology at the Higher Institute for the diagnosis of infertility and assisted reproductive techniques in **2014**.
- Construction of the presidency of the university in **2015**.
- Construction of the halls of the College of Medicine year of completion **2015**.
- Maintenance and rehabilitation of internal sections in **2015**.
- Addition of modern equipment, the College of Engineering has been equipped with **265** devices distributed to the college laboratories. In the College of Science, its laboratories were equipped with **121** devices.

Construction and infrastructure achievements:

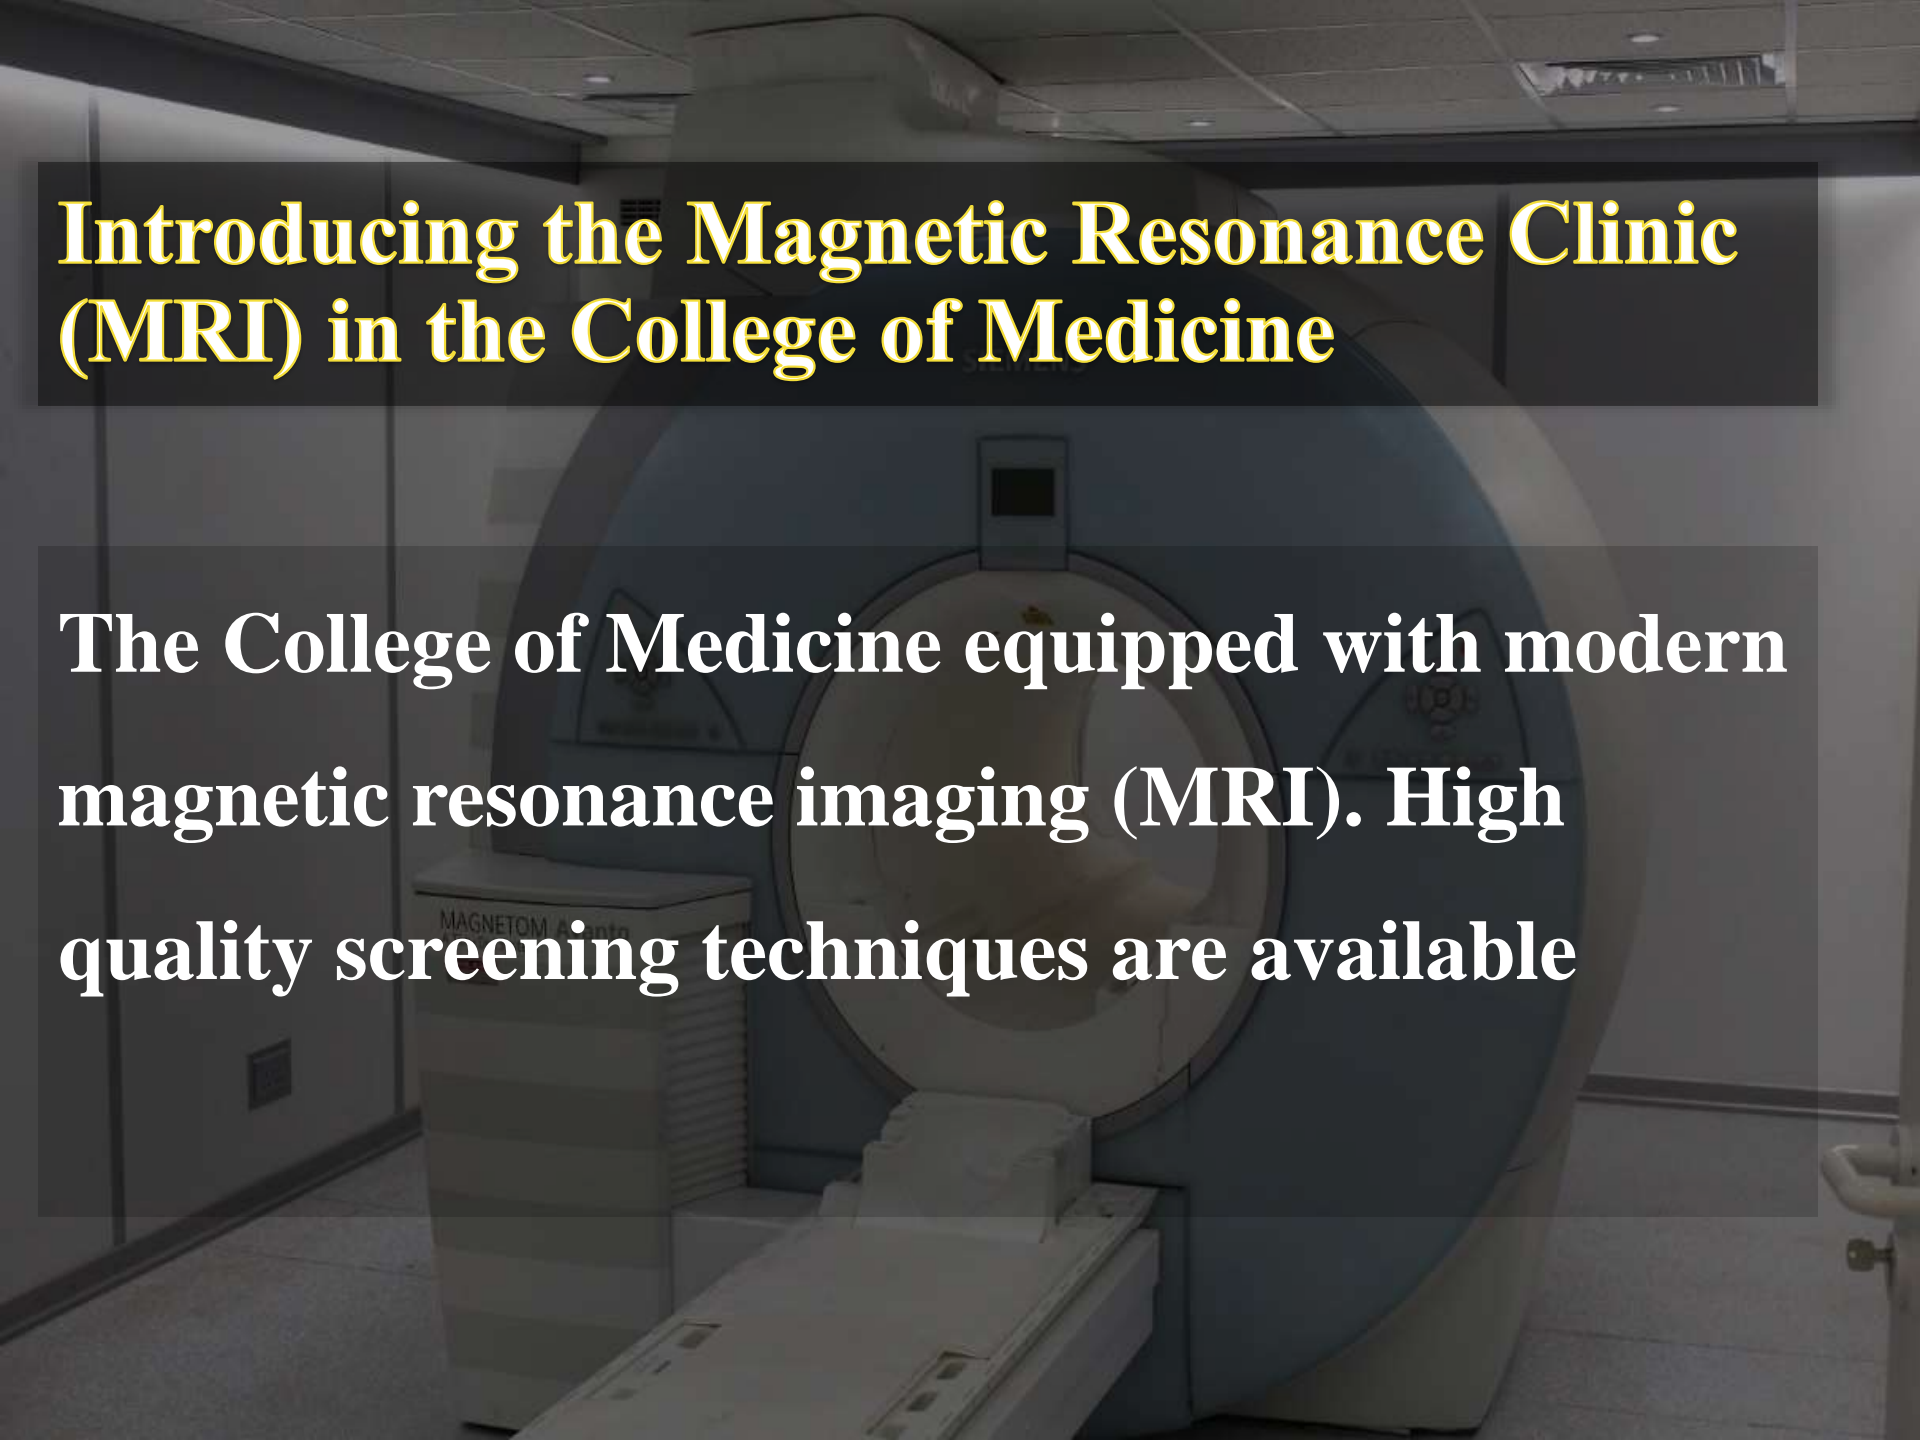

- Extension of the optical cable from the College of Information Engineering to the new university building in **2015**
- Rehabilitation of the special hall of the language laboratory within the Korean grant in **2015**.
- Infrastructure for the development of scientific capabilities - Medical field in **2018**.
- Establishment of Histological Laboratory for Pharmaceutical Research in the College of Medicine.
- Development of laboratories in the College of Information Engineering.

Construction and infrastructure achievements:

- Completion of the road leading to the buildings of the presidency of the university and student club with a length of **(777.6) meters** and a width of **(8) meters**.
- Completion of the road link between the street located in front of the university presidency and garage car **(235.5) meters** width **(8) meters**.

Rehabilitation of the IVF in the Higher Institute for Infertility Diagnosis and Assisting Reproductive Techniques (I. V. F.)

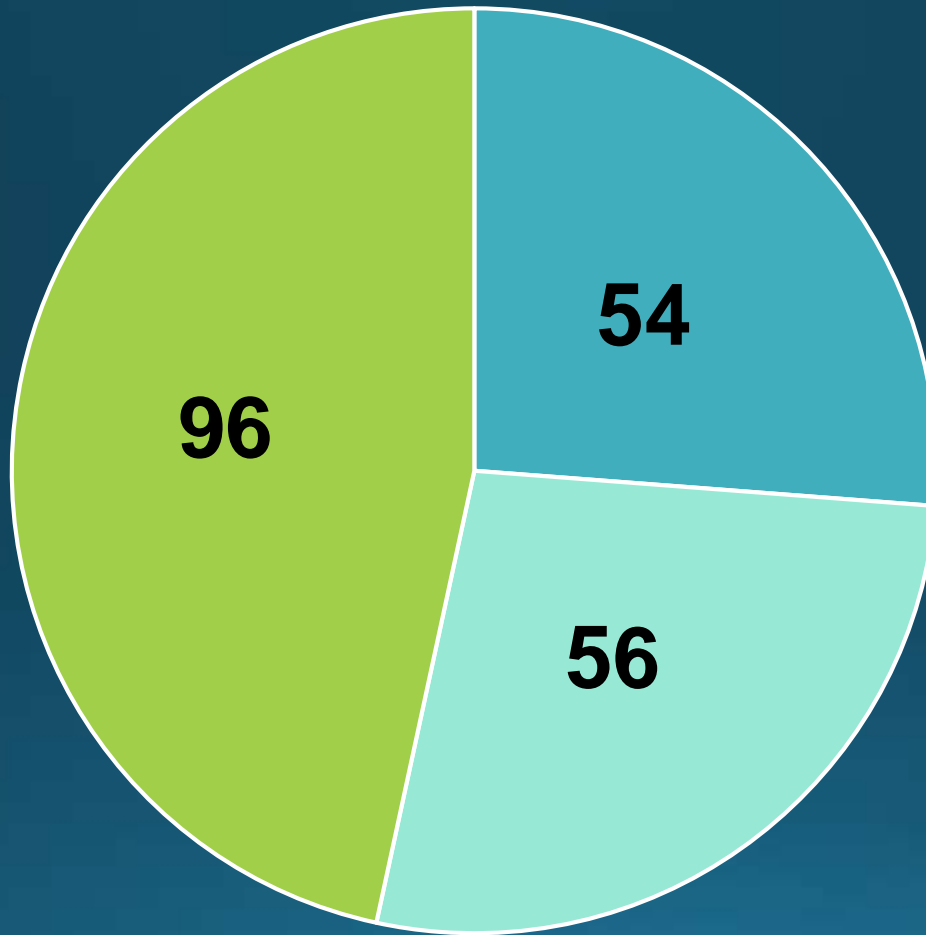

A photograph of a modern MRI machine in a clinical setting. The machine is a large, white, cylindrical scanner with a patient bed extending from the front. The room has a tiled floor and a white wall. The text is overlaid on the image in a semi-transparent black box.

Introducing the Magnetic Resonance Clinic (MRI) in the College of Medicine

The College of Medicine equipped with modern magnetic resonance imaging (MRI). High quality screening techniques are available

Appointments

2014 2015 2016

Achievements of internal departments

- 1) campaigns for the rehabilitation and maintenance of kitchens and reforestation and rodents control and maintenance of various electrical appliances and rehabilitation of buildings for internal departments (central kitchen, Internet halls and the creation of reading rooms, the preparation and maintenance of the halls, maintenance of central heaters, maintenance of all bathrooms, Rehabilitation and completion of furniture and fixtures deficiencies in the student accommodation rooms, in addition to water tanks) for the year 2014/2015.
- 2) Preparing summer maintenance plans to prepare for the new academic years and taking into account the lack of financial allocations to maintain the readiness of the internal departments to receive our dear students. The achievements included during the summer maintenance (painting walls of interior sections, maintenance and rehabilitation of interior kitchen kitchens, , Rehabilitation of cooling and heating equipment, design and construction of a central kitchen in Al-Jadriya Girls Complex (2014, 2016, 2017).
- 3) Activate the structure of the internal sections 2015.

Achievements of internal departments

5. Activation of the use of electronic technology 2015:

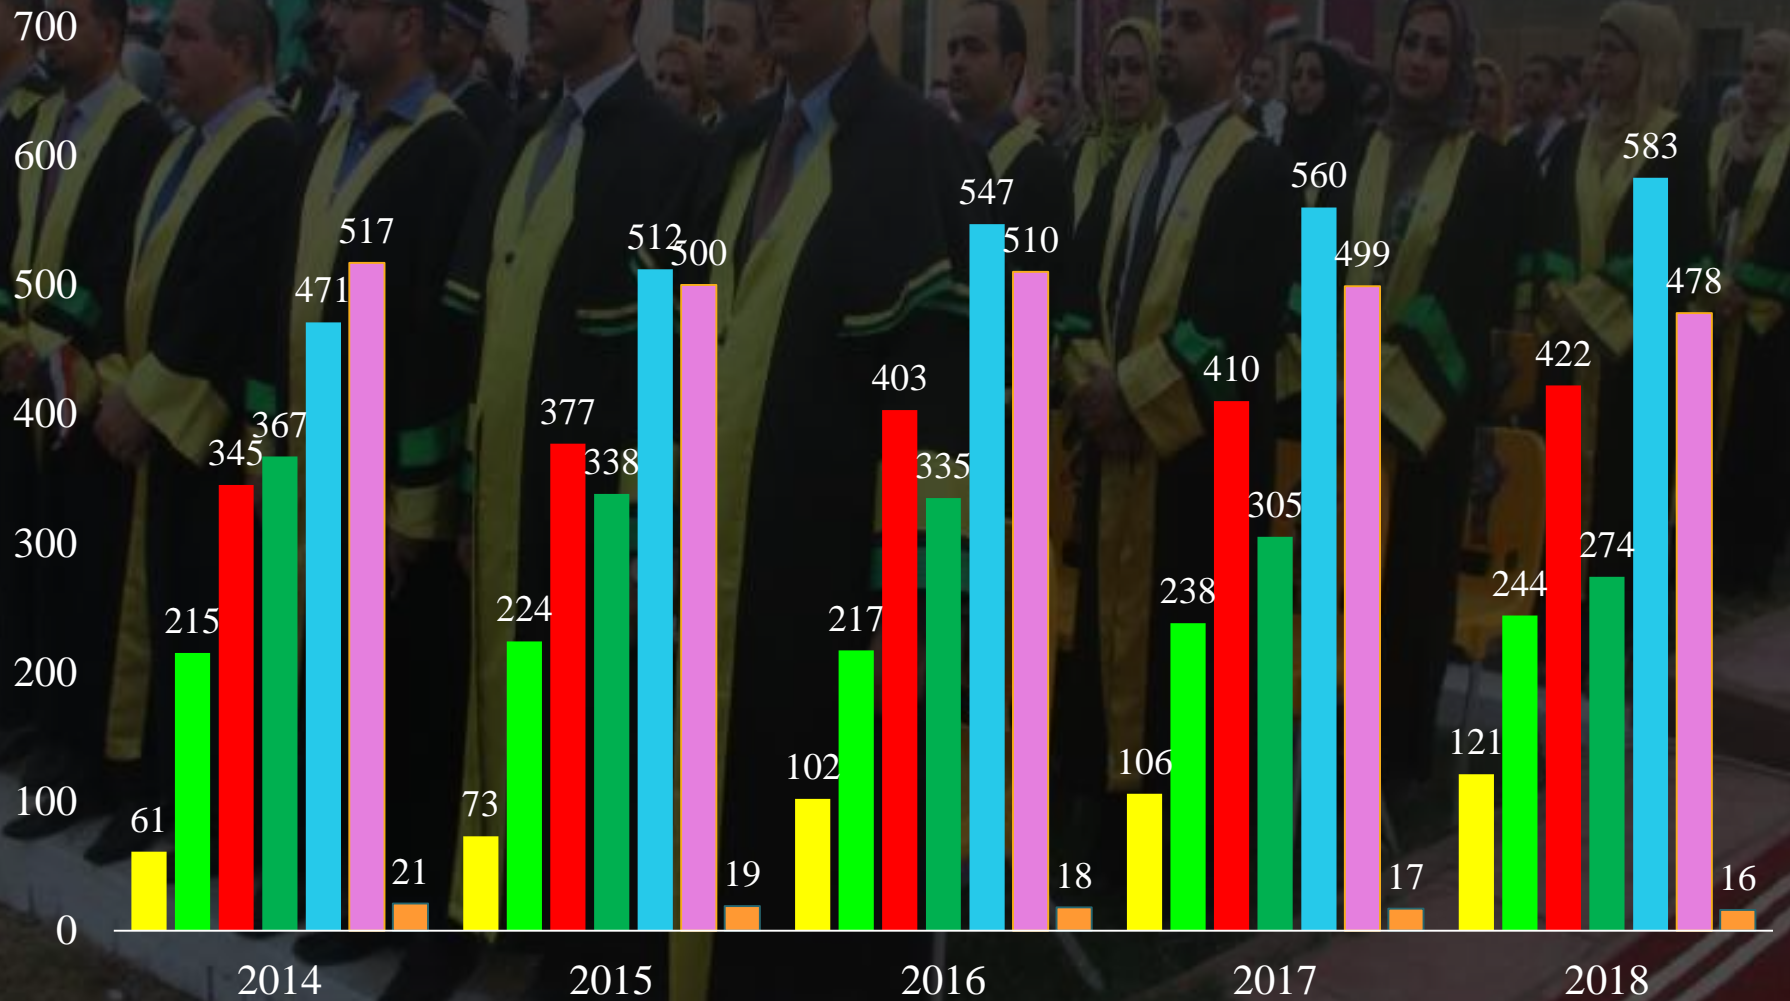

- a) Design and launch of the website of the internal sections 2015
- b) Adopting the electronic form for submission to the internal departments for the purpose of facilitating the procedures for our dear students 2016.
- c) Activation of electronic extension and data bases according to the latest programs and technologies 2016.
- d) Preparing the internal departments with electronic fingerprinting equipment to monitor attendance and absence of students.
- e) Preparing the students of the internal departments after the official working hours until midnight 2016.

6. Design, preparation and application of the student's notebook This notebook provides an opportunity and service for parents to see the movement of their daughters in the exit and return and various activities and document their knowledge by 2017.

The role of the university with government and private colleges (competitive examinations)

Our University has formed committees for the establishment, monitoring and supervision of competitive examinations for students of private colleges, which included the development of questions and the correction of books and examinations. In cooperation with the colleges mentioned in the table below:

College Name	academic year
Al-Salam University College	2015-2014
Sader Al-Iraq University College	2015-2014
Al - Rasheed University College	2015-2014
Al Rafidain University College	2015-2014
Iraq University College	2016-2015
Al - Mamoun University College	2018-2017
Al-Hussein University College	2018-2017
Al-Mansoor University College	2018-2017
Degla University	2018-2017
Baghdad College of Economic Sciences	2018-2017
University Of Technology	2018-2017

Publications of the Al-Nahrain University:

The Department of Studies and Planning issued the university's guide in both Arabic and English. The department also issued a number of identifying evidence about the Colleges of the university.

Annual publications issued by the Department of Studies and Planning:

- 1) The annual statistics of Al-Nahrain University.
- 2) A guide to the University's achievements.

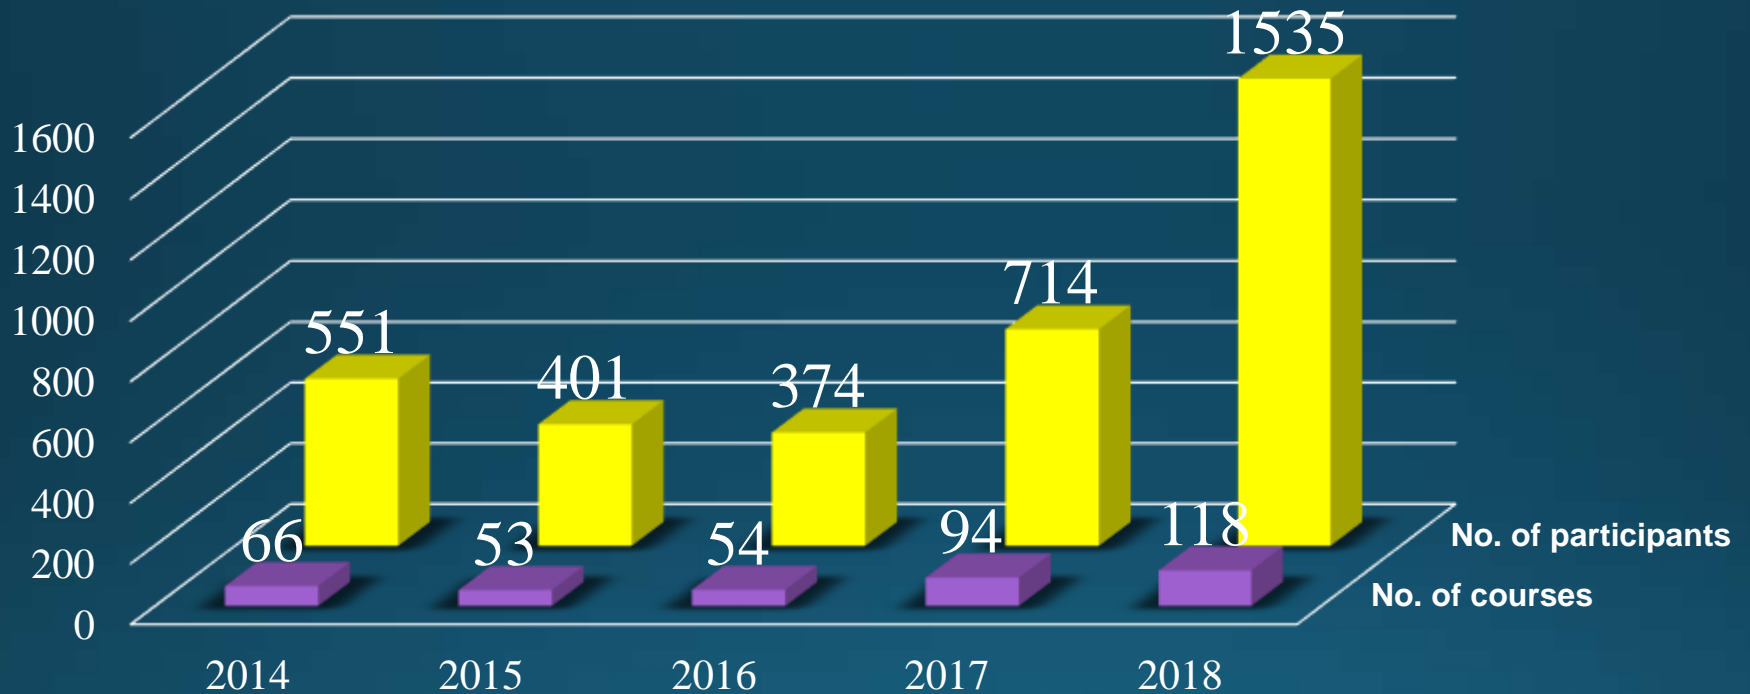

Quarterly publications from the Media and Public Relations Department:

- 1) Pulse of Al-Nahrain.
- 2) Tender for Al-Nahrain.
