Achievements of Al-Nahrain University

The years from 2014 to 2018
Al Nahrain University was established in 1987. It is a member of the Federation of Arab Universities and was elected a member of the Executive Council. It is also a member of the Federation of International Universities and has been accredited by UNESCO in the United Nations.
Infrastructure achievements
Colleges

1. College of Law (established in 1987)
2. College of Medicine (established in 1987)
3. College of Engineering (established in 1988)
4. College of Science (established in 1988)
5. College of Political Science (established in 1994)
6. College of Information Engineering (established in 2002)
7. College of Business Economics (established in 2009)
8. College of Biotechnology (established in 2012)
9. College of Pharmacy (established in 2014)
Institutes and Centers

2. Biotechnology Research Center (established in 1999).

3. The DNA Center for Research and Training (established in 2011).

5. Electronic Computer Center (established in 2014).

Infrastructure statistics

- Number of buildings: 57
- Number of classrooms: 158
- Number of Scientific Laboratories: 264
- Number of workshops, fields and others: 13
- Number of conference halls: 12
Developing colleges, scientific departments and research centers

- Introducing the Accounting and Financial Control Department at the College of Business Economics in 2014.
- Introducing the College of Pharmacy in 2014.
- Development of the DNA Center for Research and Training in 2014.
- The establishment of the Al-Nahrain Research Center for Renewable Nanomaterials in 2014.
- The introduction of an electronic computing center in 2014.
- Development of the Continuing Education Center in 2017.
- The introduction of the branch of Pharmacology and Toxicology at the College of Pharmacy in 2018.
Construction and infrastructure achievements:

• The establishment of building the student club building in 2014.

• The establishment of additional classrooms in the College of Information Technology and Business Economics in 2014.

• Maintenance and rehabilitation of the Chamber of operations of the children of the tubes and the unit of assisted reproductive technology at the Higher Institute for the diagnosis of infertility and assisted reproductive techniques in 2014.

• Construction of the presidency of the university in 2015.

• Construction of the halls of the College of Medicine year of completion 2015.

• Maintenance and rehabilitation of internal sections in 2015.

• Addition of modern equipment, the College of Engineering has been equipped with 265 devices distributed to the college laboratories. In the College of Science, its laboratories were equipped with 121 devices.
Construction and infrastructure achievements:

- Extension of the optical cable from the College of Information Engineering to the new university building in 2015.

- Rehabilitation of the special hall of the language laboratory within the Korean grant in 2015.

- Infrastructure for the development of scientific capabilities - Medical field in 2018.

- Establishment of Histological Laboratory for Pharmaceutical Research in the College of Medicine.

- Development of laboratories in the College of Information Engineering.
Construction and infrastructure achievements:

- Completion of the road leading to the buildings of the presidency of the university and student club with a length of (777.6) meters and a width of (8) meters.
- Completion of the road link between the street located in front of the university presidency and garage car (235.5) meters width (8) meters.
Rehabilitation of the IVF in the Higher Institute for Infertility Diagnosis and Assisting Reproductive Techniques (I. V. F.)
Introducing the Magnetic Resonance Clinic (MRI) in the College of Medicine

The College of Medicine equipped with modern magnetic resonance imaging (MRI). High quality screening techniques are available
Appointments

- 2014: 96
- 2015: 56
- 2016: 54
Achievements of internal departments

1) campaigns for the rehabilitation and maintenance of kitchens and reforestation and rodents control and maintenance of various electrical appliances and rehabilitation of buildings for internal departments (central kitchen, Internet halls and the creation of reading rooms, the preparation and maintenance of the halls, maintenance of central heaters, maintenance of all bathrooms, Rehabilitation and completion of furniture and fixtures deficiencies in the student accommodation rooms, in addition to water tanks) for the year 2014/2015.

2) Preparing summer maintenance plans to prepare for the new academic years and taking into account the lack of financial allocations to maintain the readiness of the internal departments to receive our dear students. The achievements included during the summer maintenance (painting walls of interior sections, maintenance and rehabilitation of interior kitchen kitchens, Rehabilitation of cooling and heating equipment, design and construction of a central kitchen in Al-Jadriya Girls Complex (2014, 2016, 2017).

3) Activate the structure of the internal sections 2015.
5. Activation of the use of electronic technology 2015:
   a) Design and launch of the website of the internal sections 2015
   b) Adopting the electronic form for submission to the internal departments for the purpose of facilitating the procedures for our dear students 2016.
   c) Activation of electronic extension and data bases according to the latest programs and technologies 2016.
   d) Preparing the internal departments with electronic fingerprinting equipment to monitor attendance and absence of students.
   e) Preparing the students of the internal departments after the official working hours until midnight 2016.

6. Design, preparation and application of the student's notebook This notebook provides an opportunity and service for parents to see the movement of their daughters in the exit and return and various activities and document their knowledge by 2017.

Advanced Neurosurgical Medical Training

In the Advanced Neurosurgical Medical Training program, and through the continuation of the Deanship of the College with the Japanese Middle East Medical Association (JMEMA)
ATLS Surgical Courses

The ATLS Committee in the College's Surgery Branch Evaluation of the Advanced Trauma of Life Support (ATLS)
Membership of international associations

1- Member of the American Academy of Forensic Sciences (AAFS) as Associate Member.

2- British Royal Society of Chemistry.

3- American College of Surgeons (F. A. C. S.) Fellow of American College of Surgeons.
Quality programs and academic accreditation and self-evaluation of the university formations

1. The University held its first Conference on Institutional Self-Assessment 2015.
2. Work on the questionnaire to evaluate the annual performance of both deans and teachers and heads of departments and students.
3. The establishment of several workshops in all fields of quality systems and academic accreditation.
4. To emphasize the importance of the results of the self-evaluation committees in the formulation of a general quality strategy, considering that the data obtained represent the reality of the situation at the Al-Nahrain University and its composition at the scientific, administrative and student levels.
5. Apply the self-assessment system on a sample of our academic programs in all colleges as a first stage, and be selected by the College Councils and in coordination with the Department of Quality Assurance in the Presidency of the University.
